§ 1155.22 Filings and service of application.

(a) The applicant shall tender with its application an affidavit attesting to its compliance with the notice requirements of 49 CFR 1155.20. The affidavit shall include the dates of service, posting, and newspaper publication of the Notice of Intent.

(b) When the application is filed with the Board, the applicant shall serve concurrently, by first-class mail, a copy on the Governor of the State where the facility is located; the municipality, the State, and any relevant Federal or State regional planning entity of the jurisdiction in which the solid waste rail transfer facility is located or proposed to be located; and the appropriate managing government agencies responsible for the groups of land listed in 49 U.S.C. 10909(c)(2). A copy of the certificate of service shall be filed with the Board at the same time.

(c) The applicant shall promptly furnish by first class mail a copy of the application to any interested person proposing to file a comment upon request. A copy of the certificate of service shall be filed with the Board at the same time.

(d)(1) Upon the filing of a land-use-exemption-permit application, the Board will review the application and determine whether it conforms to all applicable regulations. If the application is substantially incomplete or its filing otherwise defective, the Board shall reject the application for stated reasons by order within 20 days from the date of filing of the application. If the Board does not reject the application, notice of the filing of the application shall be published in the FEDERAL REGISTER by the Board, through the Director of the Office of Proceedings, within 20 days of the filing of the application.

(2) If the application is rejected, a revised application may be submitted and the Board will determine whether the resubmitted application conforms with all prescribed regulations. A properly revised application submitted within 60 days of the order rejecting the incomplete or improper application need not be subject to new notice and publication under § 1155.20, unless the

defect causing the rejection was in the notice and/or publication. A revised application submitted after such 60-day period must be newly published and noticed.

(3) The resubmission of a complete and properly filed land-use-exemption-permit application shall be considered a de novo filing for the purposes of computation of the time periods prescribed in the regulations contained in this part.

(4) An applicant may seek waiver of specific regulations listed in subpart C of this part by filing a petition for waiver with the Board. When the petition is filed with the Board, the applicant shall serve, by first-class mail, a copy on the Governor of the State where the facility is located; the municipality, the State, and any relevant Federal or State regional planning entity of the jurisdiction in which the solid waste rail transfer facility is located or proposed to be located; and the appropriate managing government agencies responsible for the groups of land listed in 49 U.S.C. 10909(c)(2). A copy of the certificate of service shall be filed with the Board at the same time. A decision by the Director of the Office of Proceedings granting or denying a waiver petition will be issued within 30 days of the date the petition is filed. Appeals from the Director's decision will be decided by the entire Board. If waiver is not obtained prior to the filing of the application, the application may be subject to rejection.
